To whom it may concern:

I've heard that LPFM Stations could take priority over the current Fm Translator service.

This is a concern to me because I listen to KLove on Fm Station and would be deeply disappointed if I didn't have a chance or choice to listen to it anymore.

KLove is a possitive out reach to the community and shares the same morals and values that I believe in and live for. I enjoy the music, it is possitive and easy going sharing in Godly music which helps my day go smoothly and helps me focus my thoughts in a positive and uplifting way. This would be a lose to the community and to my self to loose this important "gain" of a Station. Please →

Re: MB Docket No. 04-233

In a recent letter I was informed of the possibility that K-LOVE would be removed from the air in many areas.

Please do not let this happen. K-LOVE provides encouragement and entertainment to many families.

There are plenty of other varieties of music available in my area but only one with K-LOVE's format.

There is too much violence and confusion being sent to our families in television & the media. K-LOVE helps to counteract this negative influence.

Dear Sirs:

I am writing this letter concerning "MB Docket No. 04-233" to strongly encourage you not to allow LPFM stations to take priority over local FM translator service.

K-LOVE local radio is heard on FM 89.3 and 90.1 and is of great service to our community as a whole, and especially to Christians. I feel that it could be devastating if replaced with LPFM translator thereby losing the voice of K-LOVE radio.

Again thank you for listening to the voice of the people of our great Nation.

Sincerely,

Re: MB Docket No. 04-233

To Whom It May Concern:

Recently it came to my attention that the FCC is proposing to expand LPFM stations in such a way that the LPFM stations will have priority over current FM translator service. I am concerned that this course of action will greatly affect my radio station, K-LOVE, perhaps even eliminating the K-LOVE signal in my area.

I am concerned about this for many reasons. First, I have been a faithful listener to K-LOVE for nearly 20 years, since I was six years old. I grew up listening to K-LOVE and I want my children to grow up listening to K-LOVE. There are few radio stations available that are both appropriate and enjoyable for a whole family, K-LOVE is among the few. They employ pastors to pray for individuals and families and they provide commentary on important family issues. K-LOVE not only is beneficial to individual families, they are beneficial to the community as well.

K-LOVE provides announcements of upcoming, local community and church organizations. They also support multiple non-profit organizations through pledge drives, prayer, and by publicizing their information. They encourage their listeners to support local and world charities and they encourage regular prayer for our public officials and community leaders.

K-LOVE is so much more than just a radio station, they are an outreach to individuals, families, and multiple local and world-wide ministries. They provide information on various needs and issues that is beneficial to all their listeners. Please do not make any changes that would prevent K-LOVE from continuing to broadcast to all their loyal listeners. I will be praying that you have wisdom in your decision.

Thank you,

Emma Higley

To Whom It May Concern:

The radio station K-LOVE broadcasts over an FM translator in my area, and it is a very important radio station for me and my community.

If K-LOVE were displaced by another LPFM broadcaster, it would have a very negative impact on my community.

K-LOVE is a radio station that is listener supported, does *not run advertizing*, provides community information and news, and is a positive alternative to other FM radio stations. I would be very unhappy if the FCC allowed other radio stations to displace K-LOVE.
